MONTHLY STATISTICAL SUMMARY OF WESTERN AUSTRALIA

AUGUST 1967

NOTES

1. Many of the statistics appearing in this Summary are preliminary and may be amended in subsequent issues. Reference should therefore always be made to the latest available issue.
2. Several tables contain figures which have been rounded (to thousands or, in some cases, millions), without making those adjustments which would be needed to make the rounded figures add to the rounded total. It is for this reason that figures do not always add to the totals shown in the tables.
3. Metropolitan Traffic Area (see page 27) refers to the area as defined in Regulations made under the Traffic Act, 1919-1966. From 1 October 1966 the boundary of the area was extended to include the whole of the Shire of Armadale-Kelmscott instead of, as formerly, only part of the Shire. The local government areas which comprised the Metropolitan Traffic Area at 31 December 1966 are shown below. Cities are marked (C) and Towns (T); all other local government areas listed are Shires.

Armadale-Kelmscott	East Fremantle (T)	Nedlands (C)
Bassendean	Fremantle (C)	Peppermint Grove
Bayswater	Gosnells	Perth (C)
Belmont	Kwinana	Perth
Canning	Melville (T)	Rockingham
Claremont (T)	Midland (T)	South Perth (C)
Cockburn	Mosman Park (T)	Subiaco (C)
Cottesloe (T)	Mundaring (part)	Swan-Guildford (part)
4. The Perth Statistical Division (see page 27) was constituted with effect from 1 January 1966. It comprises the area formed by amalgamation of the former Metropolitan and Swan Statistical Divisions, and includes the whole of the Metropolitan Traffic Area, the Shires of Kalamunda, Serpentine-Jarrahdale and Wanneroo in their entirety, and those parts of the Shires of Mundaring and Swan-Guildford outside the Metropolitan Traffic Area.
5. Additional information may be obtained, if required, for many of the series published in this Summary by contacting the appropriate section of this Office (Telephone 21-8041).

The terms of this decision were that the minimum weekly wage payable to adult male workers under certain awards be increased from \$36.55 to \$37.55; "that the wage rates for adult workers not in receipt of the 'minimum wage' be increased by 60 cents per week; and that other wage rates be adjusted as if the basic wage for males and the basic wage for females had been increased by that amount". These increases were declared to operate from the beginning of the first pay-period commencing on or after 1 July 1967. The latest wage rates shown in the "Commonwealth" section of the table applied before a decision of the Commonwealth Conciliation and Arbitration Commission in June 1967 to eliminate basic wages and margins from its awards and to introduce total wages to operate from the beginning of the first pay-period commencing on or after 1 July 1967. Total wages for adult males and adult females were to be increased by \$1 a week from the same date.

(a) Most cargoes are recorded in terms of the ton weight of 2,240 lb but some cargo, consisting mainly of bulky commodities, is recorded on the basis of the ton measurement, a unit equivalent to 40 cubic feet of space. Statistics are compiled accordingly in terms of "tons weight" or "tons measurement". In order to provide a ready comparison, as in this table, of the volume of cargo discharged or shipped the amounts recorded in the two categories have been aggregated.
